

Beat Cancer Tour

Thank you for your ongoing support of Cancer Council's Beat Cancer Tour.

In its four-year history, Beat Cancer Tour was instrumental in raising funds towards Cancer Council's vision of a cancer free future. These funds were directed towards cancer research, prevention, and support for everyone impacted by every cancer, right here in South Australia.

We helped to fund over 200 research initiatives as part of the Beat Cancer Project, which explored new and better ways to detect, treat, and survive cancer.

We educated and empowered people of all ages, in childcare centres, schools and workplaces, to reduce their cancer risk, because one in three cancers is preventable.

We were there for every family when they needed us, helping to ease the burden of cancer via 13 11 20, practical support and financial assistance.

This would not have been possible without the support of people like you who are determined to make a difference, so thank you.

Cancer Council no longer hosts the Beat Cancer Tour, but we do have a full calendar of other state-based and nation-wide events. If you would like to get involved, fundraise or donate, you can contact 13 11 20 or email events@cancersa.org.au

Alternatively, you may like to register for these upcoming events:
