# **SUN CATCHER**

## Instructions and how to play:

### How to fold your sun catcher

Once you have cut out your sun catcher around the dotted line to make a square, place it face down in front of you and follow the set of instructions from 1 to 9 below.

### How to play:

- 1. Find a friend, neighbour, family member or teacher and ask them to pick a number from one of the top flaps.
- 2. With your thumbs and index fingers in all 4 corners of your sun catcher, move the flaps in and out and from side to side the number of spaces your friend has picked.
- 3. Stop on the last number and ask your friend to pick one of the 4 SunSmart words that are shown.
- **4.** In the same way as step 2, move the flaps in and out and side to side, spelling each word in the picture. For example, S-U-N-S-C-R-E-E-N = 9 MOVES.
- 5. Stop on the last letter and ask your friend to pick another picture.
- 6. Open up the chosen flap and ask the question hidden underneath.
- 7. If your friend gets it right, they get another turn.
